

## Jack Rafferty (Standby/Assistant Art Director)

As an accomplished Standby/Assistant Art Director for film and television, I bring an experienced blend of creative vision, technical prowess, and strong leadership to every project. My proficiency in Vectorworks allows me to translate artistic concepts into tangible designs, while my hands-on skills and keen eye ensure precision and attention to detail on set. I thrive in collaborative environments, leading teams to achieve outstanding results. Passionate about my work, I love having the opportunity to bring stories to life on screen. I'm eager to contribute my expertise and enthusiasm to your next production, ensuring a seamless transition from the art department to camera by creating captivating visual experiences that leave a lasting impact.
